THE FAMILY PROTECTION PLAN

A COMPREHENSIVE PLAN

Legally | Quickly | Conveniently | Inexpensively | Anonymously

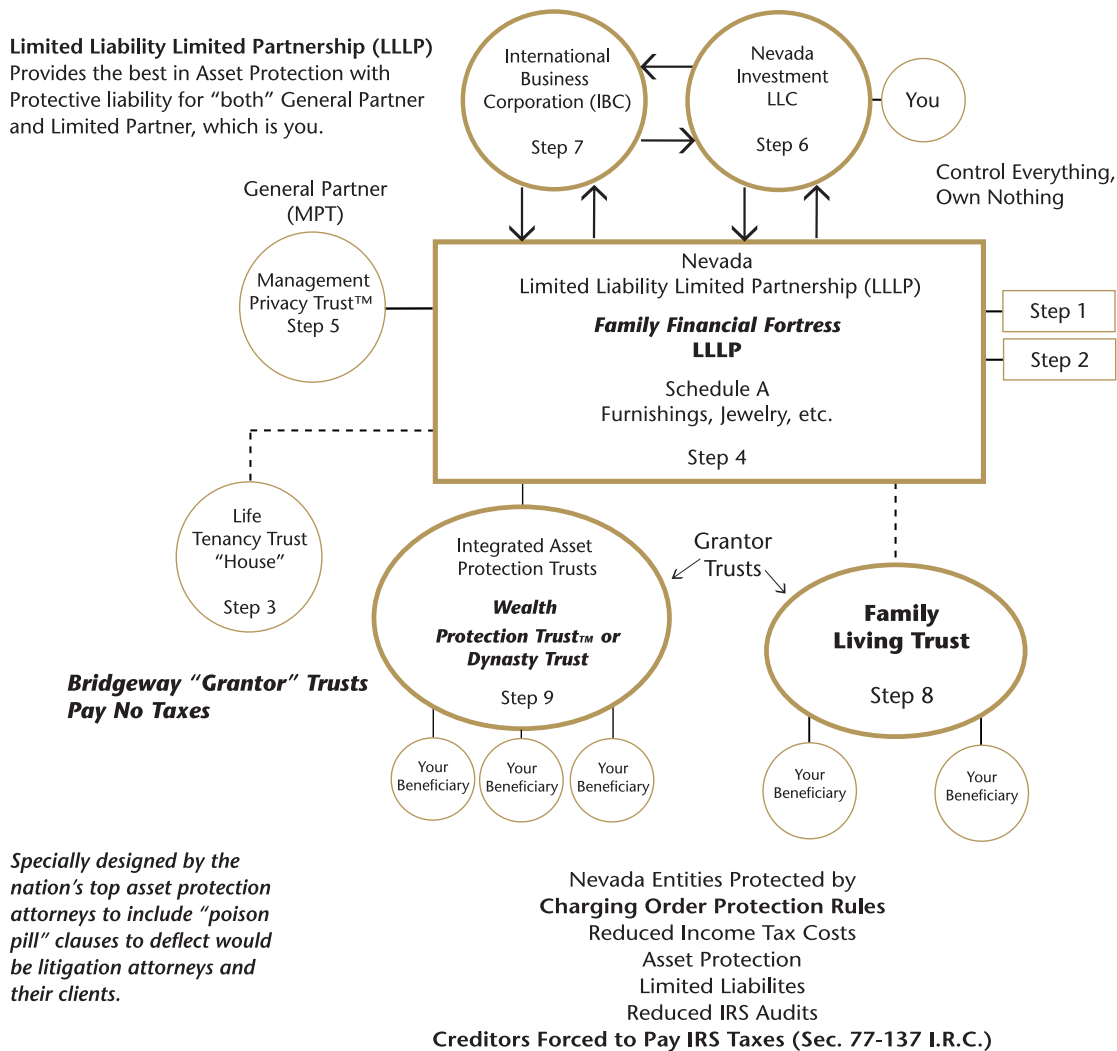

**COMPLETE SET OF
ASSET PROTECTION MATERIALS**

**YOUR CORPORATE ENTITIES
PROFESSIONALLY DESIGNED**

WHO SHOULD HAVE A COMPREHENSIVE PLAN?

The obvious answer is anyone who is concerned about being a victim of a lawsuit. Under the U.S. legal system, the deck is stacked in favor of the Plaintiff and against the Defendant. Many lawyers now specialize in contingency fee lawsuits in which they are paid a percentage of whatever they win for their clients. This encourages the filing of frivolous lawsuits. Any suit, no matter how apparently worthless could result in a ruinous judgement.

PLAN ADVANTAGES

- Protect you and your family from personal liability
- Create a "bullet proof" asset protection strategy
- Obtain charging order protection to protect assets into a Family Financial Fortress
- Create complete Financial Privacy
- Use a Nevada Limited Liability Limited Partnership as your holdings guardian
- Create a strategy to encourage out-of-court settlements within Insurance policy limits
- Prevent government agencies from seizing your savings and property without due process of law
- Unlimited Consultation on all your structures

Nevada is the only state that provides "Charging Order Protection" for all its corporations, LLCs and LLLPs. This prevents personal creditors from seizing your share and taking control. Nevada law clearly provides corporate representatives exemption from personal liability.

The Bridgeway Family Protection Plan is everything you need to operate legally with complete Asset Protection and tax savings.
